

JERUSALEM RIOTERS RIP DOWN U.S. FLAG

Investigate Air Collisions with 14 Dead, Missing

Violence Flares As Jordan Seeks To Form Gov't

About Town And Country By TIMOTHEUS T.

I'M ABOUT to get things straightened out now, so that I can get back to this more or less frequent dissertation.

I was laid up six days last week with some sort of ailment more or less related to those illnesses called bad cold, flu, gripe, virus or something or other. And it has taken me a while to get unwound since I returned to TDR office.

While at home I was fascinated by the Pillsbury (Pd. Adv.) bake contest in which the winner got \$25,000 and others got lesser amounts for their original recipes. It could find some way to get Pillsbury (Pd. Adv.) into it, next year I would send in my recipe for chili a la mode.

BUT THAT'S ENOUGH of that. Let's see some of the things that have accumulated since the last column. Here are some Chicago Tribune clippings submitted by Mrs. Florence Hancock. One, a column by Tom Morrow, is titled "S. I. U. Ladies Out Culture."

The article, out of Carbondale, says in part:

"S. I. U. grown from 143 students in 1875 to 5,500 as of even date, is a crusade as well as an institution of learning. It serves to spearhead the defense against charges, seldom made of recent years, that the 31 counties south of Alton are backward and unshod."

"Once, there was jealousy because Carbondale had bagged this little beauty of a school, and area newspapers sneered at one another with muscular mutterings. Now, the press hereabouts speaks of 'our university' and stands ready to defend it to the last four inches of newsprint."

Morrow then tells of Dr. Carl C. Lindgren of the university, "who ruthlessly ripped the secrets from a bit of yeast . . . demonstrated that yeast has a life cycle, and male and female cells are lurking in this yeast comfortably side by side."

He tells of Irvin M. Peithman, "who led the way to an Indian mound over around Prairie du Rocher. Here some charcoal divulged the secret that there were Indians sitting around there 11,000 years ago, and every one shook their heads and said 'I swear to goodness, I didn't think it was a year over 7,000.'"

He tells of Eldorado taking advantage of the school for a community development program and concluded: "It is a bit hard to assay this experiment, as it had been scarcely finished when good fortune dropped some \$3 million dollars of oil wells in Eldorado's lap."

IN CONTRAST to Morrow's article is a Tribune editorial, probably written by a guy who thinks Cairo is in the area of Kankakee, which concludes that southern Illinois ought to solve its unemployment problem by having the people move out to other areas. Maybe the Trib has started a campaign to try to increase its representation in the Illinois House of Representatives.

Fund To Aid Fire Survivors at Benton Passes \$1,000 Mark

BENTON, Ill. (AP)—A fund to aid three children whose mother and five sisters were killed by a fire two weeks ago is over the \$1,000 mark.

Contributions of \$1,113 have been received for the three surviving children of Mrs. Ruby Wingo. The 48-year-old mother and five of her daughters died as a result of a fire near here Dec. 6.

The contributions came from as far away as St. Louis and Evansville, Ind., as well as cities near Benton.

Agnes Wingo, 14, and her brothers, Muriel and Truman, escaped with their 78-year-old grandfather, Charles Neulist from the fire that burned down their two-room house.

County Judge Webb Johnson has ordered the boys placed in the child welfare home at Bush until Dec. 27, when he will hold a hearing to determine where the boys shall live. Agnes Wingo has been returned to the Franklin hospital in Benton for further treatment of burns received in the fire.

B47s Collide, B29 and F86 Crash in Air

Huge Jet Bombers Crash, Explode Near Tampa, Fla.

PANAMA CITY, Fla. (AP)—The Air Force began an intense investigation today into a pair of separate air collisions, between two B47s and another involving a B29 and an F86, which left all 14 airmen aboard the aircraft dead or missing.

Eight of the known dead were the crewmembers aboard the two big jet B47 bombers, which crashed in the air with a thunderous explosion near Tampa, spraying fiery bits of wreckage over a wide area.

Three other airmen were known dead and three others were listed as missing in the air collision of a propeller-driven B29 and an F86 all-weather jet interceptor about 14 miles east of Tyndall Air Force Base in the vicinity of Mexico Beach just outside Port St. Joe.

One of the B47s was from MacDill Air Force Base, Tampa, and the other was from Pinecastle AFB, Orlando. Each carried four airmen.

Landing Gear Trouble

Lt. Robert E. Johnson, public information officer at MacDill, said a preliminary investigation indicated that the jet bomber from MacDill had landing gear trouble.

He said the Pinecastle plane apparently flew underneath the other bomber to check its landing gear and "must have hit a downdraft and collided."

They slammed into each other over a wooded area between a factory and a railroad yard, but there were no ground casualties.

The propeller-driven B29 and the F86 jet were believed to have collided in the air while the fighter was making a gunnery run on a target towed by the World War II type-bomber only a few hours after the B47s collided.

No One Hurt

The B29's nose landed on U. S. Highway 98 close to a tourist court where some 50 people were staying but none of the tourists were hurt. The falling debris missed by only 20 yards a man and his family in a car on the highway.

Witnesses said the F86 crashed inland about a mile from the Gulf of Mexico but Air Force helicopters and search planes were not able to locate the wreckage of the smaller craft immediately.

The bodies of three of the B29's crew were recovered and identified and two others of the crew and the F86 pilot were listed as missing.

Denies Misuse Of Guard Planes By Governors

WASHINGTON (AP)—Maj. Gen. Winston P. Wilson said today that in three years as Air National Guard chief he has found no "gross misuse" of guard planes by junketeering governors.

There have been repeated charges that governors use the government-owned planes for personal pleasure, he said. But in each case such charges have proved to be "completely false" upon investigation.

The use of guard planes by governors has drawn attention recently as a result of flights made by Alabama Gov. James E. Folsom. Folsom threatened to make what he termed a reconnaissance and inspection flight to Jacksonville, Fla., in a guard plane Jan. 1—the day Auburn is to play in the 'Gator Bowl.

Folsom already is under investigation by the Air Force inspector general on charges that he has been using National Guard planes for other than official use. The report on the investigation is not expected until next month.

In advance of the report Wilson was reluctant to pass judgment on whether Folsom has been "joy riding" in guard planes. But he suggested that perhaps Folsom had not been given a "fair shake" in newspaper stories about the governor's airplane trips.

One day when Folsom was reported out flying in a T33 jet trainer, Wilson recalled in an interview, he phoned the governor's office and found Folsom there in stead.

W. F. Stokes, 56, Well Known Pharmacist, Dies

William Frank Stokes, 56, well-known pharmacist in Harrisburg for many years, died suddenly of a heart attack yesterday at 11:30 a. m. at the Travis Drug Company in Rosiclare.

Mr. Stokes had been associated with the Travis Drugs for the past four years, after leaving Harrisburg where he was pharmacist for 26 years at the old Rainbow's drug store on the north side of the square.

He leaves his wife, Mittie, and two sons, Jerome Stokes and Ewell (Junior) Stokes, both of Evansville, Ind.

The funeral will be held Wednesday at 2:30 p. m. at the Land Street Church of God where he was a long time member. Rev. Austin, pastor of the Rosiclare Church of God, will officiate and interment will be in Sunset Lawn cemetery.

The body was taken from the Rosiclare funeral home in Rosiclare to the residence to lie in state.

Before moving to Rosiclare Mr. and Mrs. Stokes resided on East Raymond.

175 Pints Quota For Each Day Of Bloodmobile

A total of 175 pints of blood is the quota set for each of the two days that the bloodmobile visits Harrisburg and Eldorado. Bloodmobile visits will be Dec. 28 in Harrisburg and Jan. 5 in Eldorado.

The mobile unit, to be set up in the Harrisburg Elks club and in the Eldorado Methodist Educational building, will operate between the hours of 12 noon and 6 p. m.

Guy J. Hunter, Blood Program chairman of the Saline County Red Cross chapter, said the quota is based on community blood needs and the need for stockpiling plasma for use in civil emergencies.

The Red Cross is sponsor of the Bloodmobile visit, which has the support of the Saline County Medical society.

He stressed the fact that donating blood is a simple, painless procedure having no harmful after effects. All healthy men and women between 21 and 60 years of age may donate if they weigh at least 110 pounds. Also eligible are young people over 18 who have their parent's written consent.

To assure the smoothest possible Bloodmobile operation, he urged prospective donors to make appointments in advance and to keep their appointments on the day of the visit. Appointments may be made by calling the Recruitment Chairman of the Saline County Red Cross chapter at Harrisburg, phone number 703.

Bomb Destroys Service Station Operated By Two Former Local Men

A gasoline service station operated by two former local men at Gary, Ind., was destroyed by a bomb early Thursday morning, clipping received by the Cornick Oil Co. here today.

The station was operated by Raymond Horn and Val Jones and the damage was reported to be \$15,000. The station was under lease from the Cornick Oil Co.

The newspaper report said that one of two attendants on duty at 5 a. m., when the blast occurred, narrowly escaped death. He was blown through the window into the driveway.

He said that a man got out of a car and went into the station to get warm while his auto was serviced. The blast occurred just after he left.

Missionary Tells Of Brutality In Red Captivity

Barely Able To Walk At Release; Wife Breaks Under Strain

HONG KONG (AP)—Dr. Homer Bradshaw of New York City said today Communist "bandits" kidnapped him from his Chinese hospital in 1951 and held him prisoner for more than four years before charging him with "spying."

The American missionary was barely able to walk when he and his wife reached freedom here today, but after a few hours' rest he was able to talk to newsmen.

Mrs. Bradshaw, whose brain gave way under the strain of Communist captivity, was unable to leave her bed at St. Theresa's Hospital.

A U. S. Air Force ambulance plane will fly the couple to the Philippines as soon as Mrs. Bradshaw is able to stand the trip—perhaps Wednesday. Her husband said they plan to go to the home of his wife's family in Pittsburgh.

Tells Of Brutal Treatment

Bradshaw said he was brutally mistreated by his captors during the early days of his imprisonment, but that they were kinder later on.

"I was handcuffed for two days at a time," he said. "I was roughly manhandled, and my arms were twisted . . . I was questioned for as much as six hours at a time."

He said the Reds forced him to sign a confession saying he was a U. S. spy and an "agent of Wall Street" who kept in touch by radio with Hong Kong, Manila, Tokyo and the United States.

"Later on, I'll give my (Presbyterian) mission accusations against these bandits that I can't give you now," he said. "I've kept all the records which I brought out."

After being seized in March, 1951, Bradshaw said, he was finally brought to trial on Oct. 27 on 55 charges of "espionage." He spent five hours before a Communist "court."

Sixteen Have Been Freed

Bradshaw said the doctors have not told him how serious his wife's condition is.

"As early as April 29, 1951, her condition was not mentally normal, and since then it was worsened," he said. "The first time I was allowed to see her was Dec. 3, and when I saw her then she was negative."

"She had tears in her eyes, she recognized me, but nothing registered."

"It will take a while to make her realize she's out of (Red China)," Bradshaw said. "She's had terrible treatment."

They are the 15th and 16th Americans who have been allowed to leave Red China since the Communists promised in Geneva to free all of their U. S. prisoners. At least 13 others remain in Communist captivity.

Ford to Open Books to SEC; Will Reveal Details of Success Story

DETROIT (AP)—The complete details of one of America's most fabulous and fascinating success stories will be revealed for the first time Wednesday.

Ford Motor Co. will open its books for the Securities and Exchange Commission in Washington to clear the way for public sale of Ford stock.

The open books will reveal for the first time how the firm, set up for \$28,000 cash in 1903, has turned into one of the world's industrial giants.

By 1919, when Henry Ford and his son, Edsel, bought out the last of the remaining stockholders of the original 11 other investors, each \$5,000 invested in the firm had grown to a return of 12 1/2 million dollars.

The accounting expected Wednesday should make even that fabulous figure seem small by comparison.

15 Million Model Ts

The story of the Ford Motor Co. and its founder, Henry Ford, has long captivated the fancy of the American public.

It was the son of a Michigan farmer who spurred interest in automobiles with his auto racing feats.

It was Ford who had the idea of "building a car for the great multitude . . . a universal car." His production chief questioned his sanity, but Ford sold 15 million Model T's in 19 years.

Ford was credited with a major role in development of mass production with the moving assembly lines developed in the Highland

Democrats to Name Committee To Screen State Candidates

SPRINGFIELD (AP)—The state Democratic chairman today said every candidate for statewide office will be able to present his case for nomination to the party's "slatemaking" committee.

State Chairman James A. Ronan met with the State Central Committee here Monday to discuss the making of a slate of candidates for the party's "slatemaking" committee.

Ronan said this subcommittee will meet with the Cook County Central Committee's subcommittee for slatemaking.

He said he hopes to name the "slatemaking committee" within a week and the two subcommittees should hold their first meeting before the first of the year.

Ronan said the downstate members of the central committee slatemaking group later might hold meetings just to interview candidates for those nominations "belonging" to downstate. He indicated the subcommittees might first determine which offices belong to Cook County and which to downstate.

"Anybody and everybody who desires to run for a state office will get to present his case," Ronan said.

Ronan said the party is considering a woman as a candidate for either state treasurer or clerk of the Illinois Supreme Court. He said only one female candidate, Mrs. Marjorie Schneider, Galesburg attorney, has been mentioned. Mrs.

Second Daughter Of Chief Justice Warren Weds

PALOS VERDES, Calif. (AP)—Dorothy Warren, 24, second daughter of Chief Justice Earl Warren, and Dr. Carmine D. Clemente planned a Mexican honeymoon today following a double ring wedding at the Wayfarers Chapel.

The Chief Justice and his family, plus about 50 guests, mostly close friends of the young couple, attended the ceremony performed Monday night by the Rev. Kenneth R. Knox. The bride was given in marriage by her father.

The matron-of-honor was the bride's sister, Nina Brian, who recently eloped to Las Vegas, Nev. The best man was the bridegroom's brother-in-law, Dr. Stuart Brian. Other members of the Warren family in attendance were Dorothy's other sister, Virginia, and three boys—James, Earl Jr. and Robert.

Eisenhowers Return Early To White House

GETTYSBURG, Pa. (AP)—President and Mrs. Eisenhower decided today to return to Washington a day early so that Mrs. Eisenhower can put the finishing touches on her Christmas plans.

The White House announced that the first family will drive to the capital this afternoon. They originally planned to make the trip Wednesday morning.

Press Secretary James C. Hagerty said the reason for the earlier departure is that "Mrs. Eisenhower wants to get her Christmas plans formulated."

The Eisenhowers plan to spend their first family Christmas in the White House. Then the President is expected to follow his physicians' orders and travel south for some sunshine and exercise.

Asked whether the impending birth of a fourth child to the John S. Eisenhowers had anything to do with the advanced schedule, Hagerty said "not specifically."

Barbara Eisenhower, the President's daughter-in-law, is now in Walter Reed Hospital in Washington awaiting birth of the baby.

Rockefeller Resigns

When the President leaves for the South will depend somewhat on when the child is born. He hopes, however, to leave shortly after Christmas.

Mr. Eisenhower Monday accepted the resignation of Nelson A. Rockefeller, his chief adviser on psychological cold war strategy, after extending "warm thanks" for Rockefeller's "devoted service."

Rockefeller said he resigned because of "compelling personal responsibilities." Hagerty explained Rockefeller felt he must return to his family's extensive business affairs.

The President called Rockefeller a leader in the United States' effort to "promote better world understanding of our country and to achieve the economic and psychological climate in which progress can be made toward a lasting peace."

Mr. Edds and his family moved to the Stonestown community in 1952 from Dugger, Ind.

King Hussein To Let People Decide Joining Baghdad Pact

JERUSALEM (AP)—Rioters attacked the U. S. consulate in the Jordanian sector of Jerusalem today and ripped down the American flag before Arab legionnaires hurled them back with gunfire.

Violence flared anew in the divided holy city as former Premier Fawzi El Mulki started consultations to form a new Jordan government. Nationwide rioting over Jordan's possible adherence to the pro-Western Baghdad Pact forced Premier Hazza Majali to quit Monday.

Jordan's 21-year-old King Hussein picked El Mulki to form a caretaker government pending elections to let the people of Jordan decide if they wanted their country to join the anti-Communist alliance.

Youthful rioters battled past a cordon of Arab legionnaires guarding the American consulate in the Jordanian old city of Jerusalem as the violence continued this morning. The demonstrators hauled down the stars and stripes.

A crowd of older Arabs tried to follow the youths to the consulate. Legionnaires opened fire over the demonstrators' heads and they retreated.

Another mob stormed the French consulate afterwards. Legionnaires fired again, and a number of demonstrators were reported wounded. But the mob got through to the building, looted files and set fire to furniture while diplomats took refuge on the roof.

The French consul general fled to the Israeli sector of Jerusalem Monday after rioters dragged him from his car.

Mobs also burned the Turkish consulate, and the Turkish consul general took refuge in Israel.

The rioters were attacking Western diplomatic missions apparently in anger at military aid granted members of the Baghdad Pact, which includes Iraq, Iran, Turkey, Pakistan and Britain.

The United States is not a member, but agreed at the pact members' first conference earlier this month to maintain "permanent liaison" with the alliance.

Reports that Majali's week-old regime intended to join the pact forced his resignation and set off the deadly disorders. Wild demonstrations swept the holy cities of Jordan and confronted young pro-British King Hussein with the worst crisis in his three-year reign.

A brief United Press dispatch from the Jordan capital of Amman said six persons "so far had been killed" and 15 wounded since the rioting started Saturday. Amman was described as a "ghost town" with traffic at a standstill.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
Sen. Daniel Probes
Smuggling; May Urge
Change in Drug Laws; Treatment
Of Addicts Needs Radical
Change.

WASHINGTON. — When I re-
ported recently that Democrats,
with a few exceptions, had shirked
their much-ballyhooed job of
investigation this summer, I think
I was unfair to two senators.

I overlooked the fact that Sen.
Price Daniel of Texas and Paul
Douglas of Illinois, both Demo-
crats, have been doing an ex-
tremely important and able job of
investigating—Daniel into narcot-
ics and Douglas into the racketeer-
ing of labor's welfare funds.

Senator Daniel examined a to-
tal of 357 witnesses, trying to find
a solution for the narcotics racket
and in seven months wore out ste-
nographer after stenographer in
gathering 8,199 pages of testi-
mony. Yet he was able to save
\$20,000 out of the \$50,000 given him
by the Senate to do the job.

I want to report on the fine job
done by Senator Douglas in a lat-
er column. Meanwhile, here are
some of the highlights of one of
the worst crime cancers in the
USA, plus Senator Daniel's recom-
mendations.

Smuggling — with 80 per cent of
U. S. addicts dependent on heroin
sneaked in from foreign coun-
tries, Daniel will demand the
death penalty for professional
dope smugglers. He also will
urge that Congress expand the
Customs Service, to permit more
complete inspection of persons en-
tering the USA. Under Eisenhower,
the Customs Service has been re-
duced, and smuggling has risen.

With over 65,000,000 people
crossing the Mexican border each
year, our Latin-American neigh-
bor is a major problem. Though
top Mexican officials want to co-
operate, many low-ranking func-
tionaries either ignore the problem
entirely or make it worse by tak-
ing bribes. As a result, "shoot-
ing galleries" thrive in places like
Tijuana, and most of the addicts
who cross over for injections also
bring back large supplies for fu-
ture use or profit. A girl addict
from Nuevo Laredo testified that
she brought in \$52,000 worth of
heroin in a single year, hidden on
her body. Professional smug-
glers also operate across the bor-
der, smuggling in 95 per cent of
the marijuana used in the USA,
as well as raw opium, heroin,
morphine and cocaine. Border-
hopping Mexican wetbacks, inci-
dentally, are not deeply engaged
in the dope traffic.

Detection — Chief needs are
stiffer penalties for possession of
dope and strengthening of the
Federal Bureau of Narcotics. To-
day it has fewer narcotics agents
for the entire USA than the FBI
has in the city of New York. . . .
Federal law-enforcement officers

are hampered by their inability to
get warrants after dark unless
they have absolute proof that their
suspect possesses dope. Daniel
wants to change this. . . . In one
case, a professional dope traffic-
er voluntarily surrendered a suit-
case full of heroin to federal offi-
cers who had been tipped off af-
ter dark and couldn't get a war-
rant. Later the man was freed by
a federal judge who called his ar-
rest improper. . . . Daniel will also
urge that protection, possibly in-
cluding free drugs, be given to
addicts who volunteer information
on peddlers. At present, addicts
are afraid to talk for fear some-
one will slip deadly cyanide poi-
son into one of their dope capsules.

Treatment — Daniel will recom-
mend a radical change in the
handling of addicts. Today they
are treated like common crimina-
ls, given short jail sentences,
only to be found later back in their
old haunts. . . . Instead Uncle Sam
should give the courts power to
commit addicts to hospitals com-
pulsorily, the power to keep them
there, and the ability to supervise
their rehabilitation in society. . . .
At present, addicts are admitted
to a strictly voluntary basis to the
two federal narcotics hospitals in
Lexington, Ky., and Fort Worth,
Tex. Of the few who enter, only
25 per cent stay for the full 135-day
treatment, and when they leave
they get only \$3 in cash and a rail
ticket back home. . . . Daniel
wants federal narcotics patients
to get the same treatment as fed-
eral convicts, who get \$25 and a
new suit of clothes, plus kindly
supervision from parole officers
and aid in finding jobs.

"It's a disgraceful situation,"
says Daniel. . . . To convince his
fellow lawmakers, he is making a
movie of the pitiful addicts, to be

Navy to Recruit Abe Lincoln Companies During January

Two companies of recruits from
Illinois will be enlisted by the
Navy during January, it was an-
nounced today by the St. Louis
Navy Recruiting district. The two
companies, which will be called the
"Abe Lincoln Companies," will be
enlisted on Jan. 18 and 30.

The southwestern one-third of
Illinois is in the St. Louis district.
According to Lt. Commander, L.
R. Wright, USN, Officer in
Charge, men enlisting in these
companies will remain together
during their nine weeks of recruit
training and will come home for
14 days recruit leave at the same
time. These companies will take
their recruit training at the Naval
Training Center, Great Lakes,
Ill., and will graduate at the same
time.

The recruiting of special com-
panies recently has been author-
ized by the Navy department.

Chief Boatswain's Mate R. E.
Pease, recruiter in charge at Mar-
ion, will be pleased to give further
information on these special com-
panies to men who are interested.

A Navy recruiter is at the local
employment office each Monday
and Thursday from 9 a. m. to 11
a. m. The recruiting office at
Marion is located in the Post Of-
fice there.

Deaths of Girl, 17, Boy Friend, Ruled Double Suicide

MILFORD, Iowa, Jan. 20 — The
deaths of a high school girl and
her 21-year-old boy friend were
ruled a double suicide by the
Dickinson County coroner today.

Their frozen bodies were found
in a car parked near here with its
motor still running Monday. Cor-
oner K. L. Clayton said a rubber
hose was found leading from the
exhaust through the car's rear
window.

Dead were 17-year-old Judy
Brefle of Lake Park, Iowa, and
Walter Cuklanz of Estherville,
Iowa.

Authorities said Cuklanz left a
note saying he intended to commit
suicide because he was "disil-
lusioned." The note made no men-
tion of the girl.

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. Marlin Says Eisenhower Will Run Again; Sen. George to Seek Seventh Term

WASHINGTON — House Republican Leader Joseph W. Marlin Jr. has predicted in some of the strongest terms so far that President Eisenhower will run again.

The Massachusetts Republican said he is convinced Mr. Eisenhower will get a "certificate of health" from his physicians and will be re-elected next fall.

"He will not fail his country when they call upon him," he said Monday night in an interview on the Mutual Broadcasting System radio program Reporters Roundup.

Other political developments:

1. Sen. Walter F. George (D-Ga.), 77-year-old dean of the Senate, announced he will run for a seventh term. The veteran chairman of the Senate Foreign Relations Committee is certain to be opposed hotly for the nomination by 42-year-old former Gov. Herman Talmadge of Georgia. George said at a press conference at his home in Vienna, Ga.: "I'm feeling fine."

2. Sen. Estes Kefauver (D-Tenn.) is understood to have decided to challenge Adlai E. Stevenson in Florida's Democratic presidential primary May 29. Kefauver already announced he will enter primaries in New Hampshire March 13 and California June 5. Stevenson also will enter the California contest.

3. The chairman of the GOP and Democratic congressional campaign committees disagreed about which party the voters will credit for the nation's booming prosperity. Rep. Richard M. Simpson (R-Pa.) said the Republicans are responsible for "peace and prosperity" and the voters don't want "to go back to Trumanism and waste and high taxes." Rep. Michael J. Kerwin (D-Ohio) said "every bit of legislation that has promoted prosperity was put on the statute books by Democrats."

4. The Democratic Digest, monthly publication of the Democratic National Committee, said President Eisenhower's heart attack has plunged the Republican Party "into the churning waters of factional warfare." The magazine predicted without elaboration the "return to the political battles" of former Gov. Thomas E. Dewey of New York.

Westinghouse Rejects Pleas of Two Governors

PITTSBURGH — Westinghouse Electric Corp., rejecting proposals by two governors to submit strike issues to arbitration, stepped up its gigantic Christmas loan operations today.

First day distribution of \$100 interest-free loans to striking or furloughed workers neared the quarter million dollar mark Monday.

Company paymasters anticipated a rushing loan business when disbursements began today at the huge East Pittsburgh plant and at Fairmont, W. Va.

Of a total of 13,000 employed at East Pittsburgh, 10,000 are eligible for loans to tide them over for the holiday season. The potential one million dollar loan at East Pittsburgh is one seventh of the \$7-million dollar total the company is prepared to disburse to 55,000 striking employees.

Workers crossed their own picket lines in five states Monday when the "big payoff" began.

The International Union of Electrical Workers, which represents 44,000 members out of 30 plants, quickly approved pleas by Pennsylvania Gov. George M. Leader and New York Gov. Averell Harriman to submit the strike to arbitration.

But Westinghouse President and Chairman Gwilym A. Price fired off telegrams to the governors rejecting the proposal.

Administration To Ask Funds for Medical Research

WASHINGTON — Marion B. Folsom, secretary of health, education, and welfare, announced today that the administration will ask Congress next year to approve a major expansion in medical research.

The administration proposals will include a 25 to 30 per cent boost in research funds of the Public Health Service and a new program of federal aid to medical and dental schools and non-profit research institutions, he said.

The school aid money would be used to build research training and teaching facilities, Folsom said in a news conference statement.

Folsom said the administration is not ready to make precise dollar estimates for the program. In a separate development, Sen. Margaret Chase Smith (R-Maine), said she will propose that Congress vote one billion dollars to expand medical research and help medical education over a five-year period.

The National Institutes of Health, research branch of the Public Health Service, received \$97,800,000 this year. A 25 to 30 per cent boost in these funds would amount to between \$24,000,000 and \$29,000,000.

Siberian Cold Hits Scandinavia

LONDON — Sub-zero blizzards howling down from Siberia almost paralyzed Scandinavia today. Massive snowstorms isolated many villages and took at least 10 victims in Norway and Sweden.

The record of Europe escaped the near-record cold, but in Norway, Sweden and Finland snow and ice crippled Christmas rail and road traffic. Dozens of ships were reported frozen in their docks, probably until spring.

Britain Retires Home Guard

LONDON — Britain ordered its home guard retired today after four years of cold war alert and announced a sharp reorganization of the army reserve for "global war."

War Secretary Anthony Head told the House of Commons on his return from the North Atlantic Council meeting in Paris that the home guard which was formed of volunteers between the ages of 18 and 65 would be placed on "reserve" status.

Charge Reds Fire on Unarmed UN Helicopter

MUNSON, Korea — The United Nations Military Command charged the Communists today with "indiscriminate" firing upon an unarmed U. N. helicopter.

The U. N. Command disclosed that one of its "unarmed helicopters" was fired upon on Dec. 7 by Communist guns when it "inadvertently flew over Red-controlled territory east of Kaesong."

The U. N. said the Reds fired on the American-made helicopter with anti-aircraft guns. However, the helicopter was not hit.

"It is evident," U. S. Navy Capt. David L. Roscoe told the Red military command, "that your side is determined to shoot down every United Nations Command aircraft which comes within range of your weapons."

Roscoe, secretary of the U. N. side of the Joint Military Armistice Commission, delivered his protest to North Korean Army Col. Li Yong in a meeting at the Panmunjom truce village. Roscoe told the Communist officers that three U. N. fliers have been "killed under similar circumstances" during the last 12 months.

Big Ten Teams Win Four Games Monday Night

By United Press
Big Ten quartets spent a profitable evening on the basketball floors as all four teams scheduled won their contests Monday night.
Indiana added its fourth victory of the season at the expense of Cincinnati university, 80-61, while Illinois trounced De Paul, 97-79, for its third win.
Wisconsin won its first home game of the year by downing Nebraska, 71-52, and Ohio State proved a poor guest when it outscored

Tulane in New Orleans, 72-66.
Pacing the Indiana attack was guard Hallie Bryant with 31 points. The Hoosiers were leading, 58-43, when Coach Branch McCracken passed the word to play a slower game.
When Cincinnati had closed the gap, Indiana began its fast-break again and finished with its 19-point margin.
The Ohio scoring was led by All-America guard Robin Freeman, who reached his season's low of a mere 21 points. The Buckeyes traded the lead with Tulane 13 times before taking over for good in the first half.
The Badgers posted a record of two wins in five starts by virtue of their triumph over Nebraska. The Badgers were sparked by the outstanding play of sophomore forward Glenn Borland. Wisconsin erased a 33-27 halftime deficit when Borland entered the game in the second half.

Fight Results

NEW ORLEANS — Willie Past-rano, 185, New Orleans, outpointed Rex Layne, 208, Ogden, Utah (10).
NEW YORK — (St. Nicholas Arena) — Carmine Fiore, 149 1-2, Brooklyn, drew with Gene Poirier, 150 1-2, Niagara Falls, N. Y. (10).

Shawneetown, Enfield Win Opening Games of Tournament at Equality

Goreville, Equality,
Joppa, Crab Orchard
to Play Tonight

Shawneetown and Enfield advanced to the semifinals of the Equality Invitational Basketball tournament by winning first round games Monday night.

Shawneetown, defending champion and favored to cap this year's title, won from Thompsonville 77-50 and Enfield took a 58-44 decision from Ridgway.

First round play will be completed tonight with Goreville meeting host Equality in the opener and Joppa and Crab Orchard playing in the nightcap. Winners Monday night will clash in the first game of the semifinals Wednesday and tonight's winners will then compete in the closing game of the session. Championship games are listed for Thursday.

The largest opening night crowd in the history of the Equality tournament jammed the gym last night and saw two fairly good games. Ridgway lacked balanced scoring to offer much threat to Enfield and Shawneetown was just too good in all departments of the game to be bothered by a fighting Thompsonville outfit.

Indians Pull Away
Thompsonville started off with a bang, scored the first points of the game and with the opening quarter half gone held an 8-7 lead. With only 35 seconds remaining in the frame the score was tied at 14-14. But Shawneetown racked up four points in a hurry to hold an 18-14 lead after one quarter of play.

Superior rebounding by the jumping-jack Shawneetown team helped to pay off as the second period started and the unbeaten defending champions began to steadily pull away. At half time the score was 33-23. After three quarters Shawneetown was in front 48-31 and a big 29-point fourth quarter ran the score to 77-50.

Eight players broke into the scoring column for Shawneetown and four—Nolen, Drone, Gunzel and Ellis—hit in double figures. Marsh, a guard that hit well from "way out," scored 13 for Thompsonville. Enfield jumped out in front of

Ridgway and held a 14-7 quarter lead and at the half Enfield was on top 24-14. Scoring spurted in the last half and after three quarters Enfield's advantage was 39-26 with the final count reading 58-44.

Ridgway's game was hampered by lack of scoring balance. Two players—Crayne and Mills—carried the load with 38 points, all but six of the total scored.

Enfield, by comparison, had three players in double figures and two others close by with nine each.

First game tonight is listed for 6:45 and the second game will start about 8:15.

No Easy Path For Pinckneyville In Holiday Meet

WEST FRANKFORT, Ill. (Special)—The Pinckneyville Panthers will have no easy path in defending their Centralia Holiday Tourney title, December 28-30.

Pairings released show the Panthers open with McLeansboro, which has had several tough teams the past few years. The Pinks would meet the second round and probably Quincy or Collinsville in the semifinals.

Coach Merrill (Duster) Thomas has the difficult task of selecting a starting five from three regulars and seven other lettermen from last year's quintet that wound up with a 33-3 won-lost record and third place in the Sweet Sixteen playoffs at Urbana.

Fans in this area expect Thomas to build his powerhouse around 6-5 pivotman Alex Singer, 6-3 guard Morganthaler and 6-3 forward John Datron.

Pinckneyville defeated Vandalia 59-27, Salem 36-29, Herrin 42-41 and Collinsville 45-36 on the road to winning the 12th Annual Centralia Holiday Tourney last year and on the basis of returning experienced personnel and the coaching wisdom of Thomas expect to win the 12th Annual meet as well. The Tourney is held in Trout gym in Centralia.

The winners of the last 12 meets have been:

- 1943—Taylorville
 - 1944—Centralia
 - 1945—West Frankfort
 - 1946—Kewanee
 - 1947—Robinson

Pinckneyville Holds Top Cage Rating

SPRINGFIELD — Five teams dropped out of the top 15 in Illinois high school basketball after a rash of week-end upsets, while Pinckneyville and Rockford West continued to battle for the top spot.

The United Press Board of Coaches, composed of the 15 coaches who took downstate teams to the state finals in 1955, again ranked Pinckneyville first.

The unbeaten Panthers and once-beaten Warriors each got five first place votes, but Pinckneyville nosed out Rockford West in the point standings. Other teams getting first-place votes were Galesburg, Collinsville, Alton and Mount Vernon.

Galesburg ran its unbeaten record to 6-0 and held onto third place in the rankings. Lincoln lost to Springfield Lanphier but moved up two notches to replace Centralia in fourth place. Centralia bowed twice over the weekend.

Quincy, beaten by Mattoon, skidded from fifth to seventh, while Moline, victor over Rock Island, jumped from ninth to sixth. Collinsville made one of the biggest gains, moving from 11th in the first rating last week to fifth in the Friday and Saturday.

Maywood Proviso, with a 4-1 record including Elgin and Evanston among the victors, was 11th. Then came Paris, unbeaten La Grange, Peoria Central and Mount Vernon, which knocked off both Centralia and Herrin in its last two outings.

One coach went out of his way to praise Rockford West: "They are 10 points better than last year," he said. "... This Nolen Conference."

The top 15, with records and points totaled:

1. Pinckneyville (4-0) 208
2. Rockford West (4-1) 206
3. Galesburg (6-0) 182

Bull Dogs Play Carbondale Terriers Tonight

The Harrisburg Bull Dogs will up their basketball play until the Egyptian Holiday tournament at Mt. Vernon Dec. 27-30 when they travel to Carbondale tonight for a tough tussle with the Terriers.

Coach Bill McBride's outfit, with three boys back from last year's five — Mike Langan, Martin and Lovelace — is having a highly successful season. The Carbondale crew capped two contests over the week-end, defeating Trico, 57-54, Friday night and trouncing Benton, 66-43, the following evening.

Harrisburg played well (except in the free throw department) Friday night but lost to Marion, 88 to 69. However, they came back and surprised the fans by defeating a good Johnston City team, 64-62. Coach Gene Bland today was hoping that the boys keep in the stride that brought them the Saturday night win.

The Carbondale lads is non-conference. In fact, the locals will not be back in the loop running until Jan. 6, when they travel to Centralia. In the Mt. Vernon tourney the Bull Dogs meet strong Edwardsville in the initial round. Edwardsville Coach Joe Lucero, who leaves no legitimate stones unturned to win, had the Bull Dogs scouted Saturday night. Edwardsville Grid Coach Isselheart was here to see the locals play and made extensive notes on the team.

There are two South Seven contests, which should be interesting games, on tonight's card. Marion travels to West Frankfort and Herrin will be host to Centralia. Ben

Bitter Cold Relents Slightly In Midwest

By United Press

A bone-chilling cold wave shoved the East farther into a deep freeze today, but relented a little in the Midwest.

Temperatures were still well below zero in the North Central states, although Bemidji, Minn., "warmed up" from 45 below to 11 below. In other midlands areas, forecasters predicted the mercury would struggle into the 10's and 20's.

In the east, however, cold wave warnings were posted for New York and Pennsylvania. And the Pacific Northwest weathered another kind of wintry blast — hurricane rains and blizzards which left flood dangers in their wake.

With winter officially two days away, the temperature was below freezing early today from northern North Carolina to southern Arkansas, northern Texas, and across the Western plains.

Low temperatures included 13 below at both International Falls and Redwood Falls in Minnesota and a frosty 11 above at Duluth, Tex.

Yugoslavia is Elected to UN Security Council

UNITED NATIONS, N. Y. (U.P.) — The United Nations General Assembly today elected Yugoslavia to the Security Council, ending a long deadlock over the disputed seat.

Election of Yugoslavia came on the 36th of a series of ballots that began last Oct. 14 and consumed seven meetings of the assembly.

Yugoslavia received 43 votes, 5 more than the required two-thirds majority. The Philippines received 11 votes, Finland 1, Sweden 1.

There was dead silence in the huge meeting hall when Assembly President Jose Maza of Chile announced the result. Usually, such announcements are greeted with applause.

The 36th ballot marked the conclusion of a deal unprecedented in U. S. history.

Strader Fired As Coach of San Francisco 49'ers

SAN FRANCISCO (U.P.) — The San Francisco Forty Niners started looking for their third coach in three years today after President Tony Morabito fired Norman "Red" Strader.

Blaming "incompatibility" between Strader and the players for the ousting of the coach, Morabito said he would attempt to find a man who could bring the squad up to its potential capabilities.

"The players played under Strader, not for him," said Morabito.

The club president listed these contributing factors:

1. The four games won, eight lost record of the team.
2. Incompatibility between Strader and the players.
3. Failure of the club to play up to its capabilities.
4. Resentment of the players against rules imposed by Strader.
5. Strader's refusal to take Bruno Banducci, an all-pro guard who had been on the team since its inception, on the squad.

Strader revealed he had a three-year contract, with two years to go.

"Morabito told me he would honor the contract," said Strader. The red-head, who was hired at the close of the 1954 season to "give San Francisco a winner," denied most of the charges leveled against him by the club owner.

WEBQ to Broadcast Two Games Tonight

Ken Hamilton and Elmer Gladson, WEBQ sportscasting team, will split up tonight so that two games may be brought to their listening audience.

One will go with Harrisburg to Carbondale and the other will travel with Eldorado to the Metropolis tournament.

The Harrisburg at Carbondale game will be on the air at 8:15. It has been announced. If Eldorado plays the first game of the blind draw tourney it will be broadcast "live" starting at 7 p. m. If Eldorado is in the second game it will be taped and then put on the air immediately following the Bull Dogs' game.

Wednesday night Ken and Elmer will broadcast Eldorado's game in the tourney, then on Thursday will broadcast the championship game of the Equality Invitational tournament.

New Strikeout Record by Rookies Set by Herb Score

CHICAGO (U.P.) — Billy Pierce compiled the lowest earned run average in the major leagues since 1946 and Herb Score set an all-time strikeout record for rookies this year to highlight an otherwise drab campaign for American League pitchers.

The 1955 season was the first in the history of the circuit which did not produce a single 20-game winner. Frank Sullivan of the Boston Red Sox and Whitey Ford of the New York Yankees shared the lead with 18 wins each.

Pierce, 28-year-old southpaw curve-ball star of the Chicago White Sox, posted a 1.97 earned run average for the best showing in that department since Hal Newhouser's 1.94 in 1946. Pierce yielded only 45 earned runs in 206 innings and embellished his performance with 157 strikeouts.

Score, the Cleveland Indians' brilliant fireballer, set a major league mark for rookies by striking out 245 batters in 227 innings. The 22-year-old Score's strikeout total eclipsed Grover Cleveland Alexander's mark of 227, set in

1911, and also was the highest total in the big leagues since Bob Feller whiffed 348 batters in 1946.

Tommy Byrne of the Yankees, the league's "comeback kid," led in percentage with a 16-5 mark for .762, while 23-year-old Billy Hoef of the Detroit Tigers led in shutouts with 27.

Ray Narleski, who had a 9-1 record, appeared in 60 games for the lead in that department but the Indians' relief specialist came up with a surprisingly high 3.70 earned run mark. Don Mossi, the Indians' southpaw relief ace, made a much better showing with a 2.41 ERA.

Pitching honors went to the Yankees with a 3.23 earned run mark.

organized Church of Jesus Christ of Latter Day Saints.

The Independence Messiah choir has given sixty performances of the Messiah since the year 1916. Former members of this nationally known choral group now live in all parts of the world. There are still active charter members of the group who will perform with the 260 voice choir this year.

The orchestra which accompanies the choir will include members of the Kansas City Philharmonic. Conductor of choir and orchestra will again be Franklin S. Weddle, music and radio director for the

sponsoring church. Soloists will be Josephine Crinklaw Mader, Kansas City, Kansas, Soprano; Anna Jean Brown, New York, Contralto; Ralph Nielsen, Chicago, Tenor; and Bernard Izzo, Chicago, Bass.

More than 500 radio stations throughout the United States, Canada, and Alaska are airing the Messiah this year.

The local congregations of the sponsoring church are located at Marion. The pastor is Elder R. W. Poore.

It took Christopher Columbus 71 days to reach America.
